Homework 3 - Grading Guidelines

Total points: 10
1. **4 points** for the index entries to the words mentioned in the assignment instructions for unigrams.
2. **4 points** for the index entries to the words mentioned in the assignment instructions for bigrams.
2. **0.5 point** for the log file generated from running the job on the full data.
3. **1 point** for the inverted index file generated of the document *"5722018484.txt".*
 (Run a separate job with only this document as input).
4. **0.5 point** for a screenshot of the output folder for the job.
5. Also remember to submit your JAVA Code for unigrams and bigrams both.
